

THE HOME TOWN PAPER

How the heart grows soft and tender while it columns you're perusing,
Every item is familiar, every name you know full well.
And a flood of recollection passes o'er you while you're musing
On the past, and weaves about you an imaginative spell.

"You can see the old home village once again in fancy, seeming
To be clasping hand of neighbor and of friend and relative;
And their faces rise before you as you're idly, fondly dreaming
O'er the little country paper printed where you used to live."
—Kansas Industrialist.

FROM COLBERT

The Colbert High school Basketball team of girls and boys played games at Achille Friday and at Bennington Saturday. They returned laden with defeat, but rich in experience and are determined to show the result of their hard earned experience in their next games.

RATES FOR ELECTRIC LIGHTS CONSIDERED

(Continued from page one)

Lawing the action of the commercial associations of the city the City Council took similar action. The proposal being to make the prices charged for service by the light company vary with the cost of operation, particularly with the price of coal.

The Corporation Commission has not as yet taken any action in the matter.

Some light consumers, noting the increase of their light bills over those of a few months ago, thought that snap judgment had been taken and the rates advanced. The fact is that we are now having the shortest days of the year and lights are burned many hours more each month now than in the long days of the summer season.
